

## **Guidelines for nominators**

*Full guidance notes are also available for applicants and this document provides summary information on the nomination process only.*

We appreciate you supporting an individual in their application to benefit from our mentoring and development programme for fundraising leaders at Tony Elischer Foundation. We need to understand why they are suitable and how you think they would benefit and ask you to complete a short online nomination form which can be accessed via our website or this link:

<http://www.tonyelischerfoundation.org/nomination-form/>

This asks you to provide your contact details and to write a short recommendation summarising the qualities which the individual has that suggest they will benefit from our support.

We will only use your details to contact you about the application it relates to. However if you would like to learn more about our work and how you can get involved, please indicate this on the contact form or email [info@tonyelischerfoundation.org](mailto:info@tonyelischerfoundation.org)

## **Notes on eligibility of applicants**

Tony Elischer Foundation supports individuals who have already demonstrated they have a talent for fundraising and have the drive and ambition to be the next generation of sector leaders.

Although there is no specific requirement in terms of length of experience, it is expected that mentees will join the programme at a stage where they can demonstrate continuing success and achievement and are most likely already leading one or more areas of fundraising. It is likely that successful applicants will have more than four years' experience.

This programme is most suited to those who want to build on existing success and knowledge to accelerate a career towards senior and organisational leadership.

There are no geographical restrictions and support is provided free of fees for the programme participants.

Applicants must be committed to developing a career in fundraising.
